

## Schedule of Japan

### Explanatory Notes

1. Alphabets indicated against individual sectors or sub-sectors and numbers in brackets are references to the Services Sectoral Classification List (GATT Document MTN.GNS/W/120, dated July 10, 1991) and the Provisional Central Product Classification (Statistical Papers Series M No. 77, Department of International Economic and Social Affairs, Statistical Office of the United Nations, New York, 1991) (hereinafter referred to in this Annex as "CPC"). These alphabetical and numerical divisions are indicated to enhance the clarity in the description of specific commitments, but shall not be construed as being a part of the specific commitments.

2. The scheduling of specific commitments follows the Guidelines for the Scheduling of Specific Commitments (WTO Document S/L/92, dated March 28, 2001). The Guidelines shall not, however, be construed as being legally binding.

3. The modes of supply 1), 2), 3) and 4) indicated in this Schedule correspond respectively to the supply of services defined in subparagraphs (v) (i), (v) (ii), (v) (iii) and (v) (iv) of Article 50.1.

4. The entry "Unbound\*" means unbound due to lack of technical feasibility. The entry of "SS" in sectors or sub-sectors under paragraph 2 of Article 50.20 shall not prevent Japan from adopting or maintaining any measure with respect to the modes where "Unbound\*" is entered.

5. Measures affecting (a) passenger transport services by air; (b) freight transport services by air; and (c) rental/leasing services of aircraft with crew/operator are not listed in this Schedule, as these are measures affecting traffic rights or measures affecting services directly related to the exercise of traffic rights to which Chapter 6 does not apply. The commitment for freight transport agency services does not include freight forwarding services by air transport services.

6. The use of "\*\*\*" against individual CPC codes indicates that the specific commitment for that code does not extend to the total range of services covered under that code.

Note to the Specific Commitments in the Sectors  
of Maritime Transport Services and Maritime Auxiliary Transport Services

Notwithstanding the fact that road, rail, inland waterways and related auxiliary services are not fully covered in this Schedule of Specific Commitments, a multimodal transport operator<sup>(Note 1)</sup> shall have the ability to rent or lease trucks, railway carriages or barges, and related equipment, for the purpose of inland forwarding of cargoes, or have access to, and use of, these forms of multimodal activities on reasonable and non-discriminatory terms and conditions<sup>(Note 2)</sup> for the purpose of carrying out multimodal transport operations.

(Note 1) "Multimodal transport operator" means the person on whose behalf the bill of lading, multimodal transport document or any other document evidencing a contract of multimodal carriage of goods is issued and who is responsible for the carriage of goods pursuant to the contract of carriage.

(Note 2) "Reasonable and non-discriminatory terms and conditions" means, for the purposes of multimodal transport operations, the ability of the multimodal transport operator to arrange for the conveyance of its merchandise on a timely basis, including priority over other merchandise which has entered the port at a later date.

Definitions

1. "Other forms of commercial presence for the supply of international maritime transport services" means the ability for international maritime transport service suppliers of an ASEAN Member State to undertake in Japan all activities which are necessary for the supply to their customers of a partially or fully integrated transport service, within which the maritime transport constitutes a substantial element. (This commitment shall however not be construed as limiting in any manner the specific commitments undertaken in respect of services supplied under subparagraph (v) (i) of Article 50.1.)
